## DEAR SUPPORTER,

Above are images of where we will be doing the Leadership Development Institute (LDI) with the pastors in Kenya this summer! Some of these buildings will be used as classrooms, others as lodging for our team, and the remaining for lodging the 250 pastors attending the conference. We will meet in the large field for our group sessions under a tent.

I want to start out by saying **THANK YOU** for your support through prayer, encouragement, and financial giving so far! It has been so encouraging to be a part of God's provision for His work.

### THE PLAN:

Our Africa team will depart from Oklahoma City on July 18th, 2016. We will target national pastors who have possibly finished the equivalent of the 8th grade and who have not attended Bible School. We put them through 4 days of fire-hydrant style classes, covering subjects from Doctrine to Marriage to many classes on Evangelism. After that, we give them the opportunity to practice what they learned. We take them out into towns and villages and let them loose to witness one-on-one. We work with local leadership to pick strategic areas to witness –perhaps to reinforce a local church or start a new church.

---

I personally am beyond excited for this opportunity to train these pastors so they can reach those who do not know Christ in the years to come!

---

### My assignment in Africa is the following:

- **Teacher:** I will be teaching a class over the Evangecube to all of the pastors at the conference. I will be using an interpreter to teach a class of 50 at a time. With 250 pastors, there will be a total of five, one-hour classes. Each pastor will be given two Evangecubes of their own and equipped in how to use them. This is something they love and will be an incredible tool for their ministry! ***I personally have lead many people to Lord using the Evangecube in the U.S. It is a method that works, especially in places like Kenya.***
- **Assistant Team Leader:** During our Open Air Meetings I will be a Team Leader Assistant to John McCloy. This is a time for us to model for the Pastors all the training we've provided during the pastor conference and give them opportunity to apply their training on the field. The pastors will also be given a lot of time to go evangelize one-on-one with their Evangecubes during this time! Lord willing and based on the consistency of previous trips, thousands will come to know the Lord and get connected with these pastors' churches in just a few days!
- **Sound Technician:** During the large group sessions with the pastors, my role will be ensuring that all sound equipment works properly.

---

In America, churches are often planted in hopes that people will come. In Africa, churches are planted because the people are already present. On this trip we won't be able to fully calculate the overwhelming results of the church growth and the advancement of the Kingdom of God; but in Heaven, we will see the fruit of our labor!

---

### YOUR SUPPORT:

**Through Prayer:** Would you commit to pray for the Africa team, including myself, as we prepare for this trip? Would you commit to pray for us while we are in Kenya (July 18th – August 1st)?

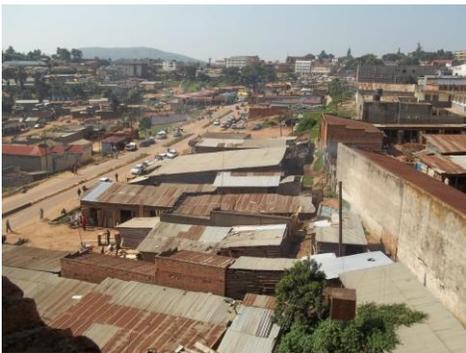

**Financially:** Would you prayerfully consider helping me complete my financial requirement of **\$4,500**? As of 5/31/16, I am at **\$3,660.50**. This leaves only **\$839.50** to be fully funded!

**How?:** Has the Lord positioned you, today, to fill in the gap? You can designate your gift to “Justin Werner Africa”, and 100% of it will be tax-deductible and invested in my trip. Just go to [www.reachingsouls.tv/donate](http://www.reachingsouls.tv/donate) to make your gift today or to [www.sendjustin.com/give](http://www.sendjustin.com/give) for additional details.

---

Your support financially is a blessing and the only way this trip will be made possible. Your support through prayer is a necessity and the only way this trip will be a success. Thank you for your support!

---

In Christ,

Justin D. Werner
